

Professional Learning

Term 3, 2017

Engage with the Digital Technologies curriculum and ICT capabilities in the context of EAL/D students

Presenters from Beaconsfield Primary School will describe how Beaconsfield links play based strategies to support language acquisition, and will assist participants in examining linguistic and cultural considerations implied by the technology content descriptions.

Participants will be provided with an overview of the Digital Technologies curriculum and will explore teaching strategies and resources to better enable EAL/D students to access the learning described in the technologies curriculum.

DATE: Wednesday August 23, 2017 (Afternoon tea provided)
